

Mr. David Templin
Senior Business Resource Manager
Electric Power Division
Caterpillar Inc.

David Templin is the Senior Business Resource Manager for Caterpillar's Electric Power Division. He is responsible for all financial reporting, financial forecasting, sales and operations planning, strategic planning and decision support for the division, including 6 Sigma process ownership.

Prior to his current position, David held various financial, forecasting, cost and investment analysis positions across Caterpillar including Corporate Accounting, a component facility (York, PA) and two product divisions: Wheel Loaders & Excavators Division (Aurora, Ill) and Performance Engine Center (Mossville, Ill). David also served for three years as the Financial Director of Caterpillar's French subsidiary in Grenoble, France.

David has a bachelor's degree from Northern Illinois University (May 1989) in Accounting and has a CPA. He joined Caterpillar in 1989.
