

Mr. Don Wagner  
Business Resource Manager  
Integrated Manufacturing Operations Division – Aurora, Illinois  
*Caterpillar Inc.*

Don Wagner is currently the Business Resource Manager for Caterpillar's Integrated Manufacturing Operations Division facility in Aurora, Illinois. He is responsible for all financial and cost reporting, financial budgeting and forecasting, investment analysis, strategic planning and decision support. Cat's Aurora facility is a four million square foot operation with over 2,000 employees who manufacture wheel loaders and hydraulic excavators.

Prior to his current position, Don held various financial, forecasting, cost and investment analysis positions across Caterpillar including Corporate Accounting. In his 30+ year career with Cat, Don has been responsible for investment analysis projects for new sales and manufacturing ventures in emerging markets in China, Russia, India, Brazil and Mexico.

Don has also supported the financial analysis for a variety of Cat's new product programs. Working with engineering and manufacturing planning teams in the United States, Belgium, Japan and Brazil, he has provided financial leadership to worldwide multifunctional product development teams.

Don has a bachelor's degree in Accounting from Aurora University (1977) and is a CPA. He joined Caterpillar in 1977.
